

## Quality Policy

Comstar Systems Pty Ltd defines quality as value perceived by our customers throughout delivery of our range of services.

It is our aim to deliver the best possible quality and value to our customers thereby ensuring they will continue to use our services on an on-going basis.

The nature of our business presents us all with a constant challenge to maintain and improve our products and services in terms of accuracy and performance. Our objective is to provide consistent and timely service to meet and exceed our customers' expectations.

Comstar Systems Pty Ltd has developed a quality system as its framework for establishing and reviewing objectives, which are based on its commitment to continual improvement and designed to comply with the International Standard, ASNZS/ISO 9001

Our organisation is dedicated to ensuring that we strive for continual improvement and that this policy is communicated, and readily engaged by all employees within our organisation.

We believe that the commitment shown by Comstar Systems Pty Ltd will provide the basis for long term relationships within our industry, increased job satisfaction and security for our employees whilst improving our competitiveness and our leadership.
